

Please intervene
against Sinclair
Broadcasting to
prevent it from
forcing its huge
number of stations
to air an
anti-Kerry
documentary just
days before the
election. This is a
violation of their
obligation to serve
the public interest;
it is not news but
just an extended
political
advertisement.

This abuse makes
Sinclair a poster
child for the
dangers of media
consolidation
highlights the need
for the FCC to
enforce the rules
under which it
grants licenses to
broadcasters.

Sincerely. Carol
Shanesy
